Opernplatz 14

The Opernplatz XIV. Frankfurt. Opernplatz 14

Many people in Frankfurt, who are looking for coworking spaces are usually surrounded by noisy places and never really find a space to think in peace. This is not the case with Satellite Office. Your peace is important to us. Based on our experience, we have developed the pureSilent® line that simply focuses on you! You can work in screened areas, protected break-out areas and sound-insulated air-conditioned workspaces for more productivity, great concentration, and the perfect well-being for all your senses. Anyone looking for some peace and quiet areas will appreciate the purist and minimalistic design of pureSilent®. Instead of focusing on unnecessary decoration, we rather focus on consistent design, high acoustic requirements and a harmonious light and colour concept. In more than 139 workspaces, you can enjoy the breath-taking view across the skyline of the banking metropolis known as 'Mainhattan' and the unique big-city atmosphere – right next to Frankfurt's honored old opera house 'Alte Oper'.

With its Mediterranean flair, the "Opernplatz" in Frankfurt originates its own special appeal. The impressive old opera house, dating back to 1880, is its crowning glory. The cultural heart of the city on the River Main beats behind its historic facade. Right next door is the new "Opernplatz XIV Building", created by the architects "Baumschlager-Eberle" – including the luxury Sofitel hotel and our luxury workspace. For many experts, the timeless building has already become a piece of Frankfurt's architectural heritage, seamlessly and perfectly integrated into its historical surroundings. This is where classic and modern styles combine perfectly. The exclusive neighbourhood is also surely impressive: just around the corner is Goethestrasse, featuring the flagship stores of numerous luxury brands. The nearby restaurant district affectionately known as the 'Fressgass' by the locals, provides plenty of culinary variety. Here, in the heart of Frankfurt, is where the central business district meets a vibrant lifestyle, culture, and history.

pureSilent® – excellent spatial concept for hybrid, productive working.

Hybrid working is a key issue of our time and requires a new type of spatial planning and technology integration. What makes an office a positive experience? It is the combination of aesthetics, functionality and flexibility. Those who economise on the workplace often pay with their success.

A well thought-out, aesthetic room design reduces stress, promotes creativity and well-

being. pureSilent® combines high-quality, natural materials with functionality. Sustainability is important to us. Harmonious lighting and colour design, as well as ergonomic furniture and soundproofed, air-conditioned phonebooths create an environment for concentrated work.

pureSilent® combines quality, sustainability and aesthetic harmony to create

a holistic approach that meets the requirements of the modern working world. What's more, in our satellite offices you are a valued part of an enormous business network.

Places with soul. For meetings, for working, for catching your breath. We call that luxury in a fast-paced world. That is Satellite Office.

A warm welcome.

A modern office hallway with glass-walled rooms, white pedestals with silver apples, and a person walking in the distance. The hallway is carpeted and has recessed lighting in the ceiling. The glass walls reflect the interior lights and the person walking. The overall atmosphere is clean, bright, and professional.

Silence
is golden.
